Distinctive among the big things do by the Lutheran Church during the past two years, as shown by the reports and talks at the General Synod, held in the Luther Place Memorial Church during the past week, is the wonderful work which has been done by the foreign missionary board of that great de-

Nearly 2,000 natives have been baptished in India, while 100 young negroes have in India, while 100 young negroes have been added to the strollment in the school maintained in Africa. The sum of \$212,500 has been expended by the Luth-erans alone during the past blennium for the maintenance of the work in these two countries.

The foreign missionary results present-on Thursday were the largest in the story of the missions of the church, led all causes in the money placed the disposal of the board for its ork in India and Africa.

By the report read last Thursday, there
were 12,322. Already \$4,173.9 has been
subscribed toward the long-deferred hope
of the missionaries at Rentachinula for
a hospital station at that place. It is
hoped that a physician will be able to
go out this fall.

The African mission has been a slower
growth, but at present there seems to be
a marked improvement in conditions, and
the missionaries are greatly encouraged
in their work. Work for a nursery to

that the new \$1,000 home for missionaries

The board feels that the biggest thing now on hand is the projected hospital for men, women, and children in South India. It is hoped to send a vigorous young physician to undertake the work there.

The Lutheran General Synod, which opened in blennial session in Washington last Wednesday, represents one of four Lutheran bodies that have made extraordinary advances in membership, equipment, and gifts within the last few years. The oldest of the Lutheran bodies in America, its wifts during the two years just ended have increased by \$400,00 ever the preceding two years, and amounted to \$5.907,000. With the Lutheran General Council and the Lutheran Synodical Conference, the synod will issue soon a Lutheran hymnal which, it is claimed, will be the most complete book of its kind issued by any religious body. In increasing ways, these three bodies of Lutherans are co-operating. The precident of the synod last year was the Rev. Dr. H. K. Fenner, paster of the Second Church, Louisville, which he organized and has served for thirty-four years. Upon the election of Dr. Penner as president in Richmond. Ind., two years ago there were ten living synod ex-presidents. Three have died within the biennium, including the Rev. Dr. J. G. To-day the grood goes in a body to Ballimore to take part in the dedication of a handsome new Lutheran deacourse and motherhouse. President Taft spoke at one of the synod sessions.
